**ANSWER:** d

50. Two common areas of accounting that respectively provide information to internal and external users are

- a. forensic accounting and financial accounting
- b. managerial accounting and financial accounting
- c. managerial accounting and environmental accounting
- d. financial accounting and tax accounting systems

**ANSWER:** b

**Chapter 01: Introduction to Accounting and Business**

51. Which of the following **best** describes accounting?

- a. records economic data but does not communicate the data to users according to any specific rules
- b. is an information system that provides reports to users regarding economic activities and condition of a business
- c. is of no use by individuals outside of the business
- d. is used only for filling out tax returns and for financial statements for various types of governmental reporting requirements

**ANSWER: b**

52. Which type of accountant typically practices as an individual or as a member of a public accounting firm?

- a. Certified Public Accountant
- b. Certified Payroll Professional
- c. Certified Internal Auditor
- d. Certified Management Accountant

**ANSWER: a**

53. Financial reports are used by

- a. management
- b. creditors
- c. investors
- d. all of these choices

**ANSWER: d**

54. All of the following are general-purpose financial statements **except** a(n)

- a. balance sheet
- b. income statement
- c. statement of stockholders' equity
- d. cash budget

**ANSWER: d**

55. Which of the following is a manufacturing business?

- a. General Motors
- b. Facebook
- c. American Airlines
- d. Target

**ANSWER: a**

56. Which of the following is a service business?

- a. Microsoft
- b. Dell Computers
- c. Facebook
- d. Walmart

**ANSWER: c**

**Chapter 01: Introduction to Accounting and Business**

57. Which of the following groups of companies are all examples of a retail business?

- a. Delta Air Lines, Marriott, Gap
- b. Gap, Amazon.com, Delta Air Lines
- c. GameStop, Sony, Dell
- d. GameStop, Best Buy, Gap

**ANSWER: d**

58. Which of the following groups are considered to be **internal users** of accounting information?

- a. employees and customers
- b. customers and vendors
- c. employees and managers
- d. government entities and banks

**ANSWER: c**

59. All of the following are examples of external users of accounting information **except**

- a. government entities
- b. customers
- c. creditors
- d. managers

**ANSWER: d**

60. Which of the following is the **best** description of accounting's role in business?

- a. Accounting provides stockholders with information regarding the market value of the company's stocks.
- b. Accounting provides information to managers to operate the business and to other users to make decisions regarding the economic condition of the company.

  - III. Identify an ethical decision by using your personal ethical standards of honesty and fairness
- a. I and II
  - b. II and III
  - c. I and III
  - d. I, II, and III

**ANSWER:** d

65. Which of the following would **not** normally operate as a service business?

- a. pet groomer
- b. grocer
- c. lawn care company
- d. styling salon

**ANSWER:** b

66. Most businesses in the United States are

- a. proprietorships
- b. partnerships
- c. corporations
- d. cooperatives

**ANSWER:** a

67. Which of the following is **not** a business entity?

- a. entrepreneurship
- b. proprietorship
- c. partnership
- d. corporation

**ANSWER:** a

68. An entity that is organized according to state or federal statutes and in which ownership is divided into shares of stock is a

- a. proprietorship
- b. corporation
- c. partnership
- d. governmental unit

**Chapter 01: Introduction to Accounting and Business**

**ANSWER:** b

69. Which of the following is **true** regarding a limited liability company?

- a. makes up 10% of business organizations in the United States
- b. combines the attributes of a partnership and a corporation
- c. provides tax and liability advantages to the owners
- d. all of these choices

**ANSWER:** d

70. On May 20, White Repair Service extended an offer of \$108,000 for land that had been priced for sale at \$140,000. On May 30, White Repair Service accepted the seller's counteroffer of \$115,000. On June 20, the land was assessed at a value of \$95,000 for property tax purposes. On July 4, White Repair Service was offered \$150,000 for the land by a national retail chain. At what value should the land be recorded in White Repair Service's records?

- a. \$108,000
- b. \$95,000
- c. \$140,000
- d. \$115,000

**ANSWER:** d

71. Which type of business is most likely to obtain large amounts of resources by issuing stock?

- a. partnership
- b. corporation
- c. proprietorship
- d. government entity

**ANSWER:** b

72. Which of the following is **not** a characteristic of a corporation?

- a. Corporations are organized as a separate legal taxable entity.
- b. Ownership is divided into shares of stock.
- c. Corporations experience an ease in obtaining large amounts of resources by issuing stock.
- d. A corporation's resources are limited to its individual owners' resources.

**ANSWER:** d

73. Within the United States, the dominant body in the primary development of accounting principles is the

- a. American Institute of Certified Public Accountants (AICPA)
- b. American Accounting Association (AAA)
- c. Financial Accounting Standards Board (FASB)
- d. Institute of Management Accountants (IMA)

**ANSWER:** c

74. The business entity assumption means that

- a. the owner is part of the business entity
- b. an entity is organized according to state or federal statutes
- c. an entity is organized according to the rules set by the FASB

**Chapter 01: Introduction to Accounting and Business**

d. the entity is an individual economic unit for which data are recorded, analyzed, and reported

**ANSWER:** d

75. For accounting purposes, the business entity should be considered separate from its owners if the entity is

- a. a corporation
- b. a proprietorship
- c. a partnership
- d. all of these choices

**ANSWER:** d

76. The measurement principle requires that

- a. business transactions be consistent with the objectives of the entity
- b. the Financial Accounting Standards Board be fair and unbiased in its deliberations over new accounting standards
- c. accounting principles meet the objectives of the Securities and Exchange Commission
- d. amounts recorded in the financial statements be based on independently verifiable evidence

**ANSWER:** d

77. Karen Meyer owns and operates Crystal Cleaning Company. Recently, Meyer withdrew \$10,000 from Crystal Cleaning, and she contributed \$6,000, in her name, to the American Red Cross. The contribution of the \$6,000 should be recorded on the accounting records of which of the following entities?

- a. Crystal Cleaning and the American Red Cross
- b. Karen Meyer's personal records and the American Red Cross
- c. Karen Meyer's personal records and Crystal Cleaning
- d. Karen Meyer's personal records, Crystal Cleaning, and the American Red Cross

**ANSWER:** b

78. Which of the following is an authoritative body in the United States that has the primary responsibility for developing accounting principles?

- a. FASB
- b. IRS
- c. SEC
- d. AICPA

**ANSWER:** a

79. Which of the following items relates to separating the reporting of business and personal economic transactions?

- a. cost principle
- b. monetary unit assumption
- c. business entity assumption
- d. measurement principle

**ANSWER:** c

80. Donner Company is selling a piece of land adjacent to its business premises. An appraisal reported the market value of the land to be \$220,000. Focus Company initially offered to buy the land for \$177,000. The companies settled on a purchase price of \$212,000. On the same day, another piece of land on the same block sold for \$232,000. Under the cost

**Chapter 01: Introduction to Accounting and Business**

principle, at what amount should the land be recorded in the accounting records of Focus Company?

- a. \$177,000
- b. \$212,000
- c. \$220,000
- d. \$232,000

**ANSWER: b**

81. Many countries outside the United States use financial accounting standards issued by the

- a. AICPA
- b. SEC
- c. IASB
- d. FASB

**ANSWER: c**

82. The monetary unit assumption

- a. is only used in the financial statements of manufacturing companies
- b. is not important when applying the cost principle
- c. requires that different units be used for assets and liabilities
- d. requires that economic data be reported in yen in Japan or dollars in the United States

**ANSWER: d**

83. Which of the following is **not** true of accounting principles?

- a. Financial accountants follow generally accepted accounting principles (GAAP).
- b. Following GAAP allows accounting information users to compare one company to another.
- c. A new accounting principle can be adopted with stockholders' approval.
- d. The Financial Accounting Standards Board (FASB) has primary responsibility for developing accounting principles.

**ANSWER: c**

84. The initials GAAP stand for

- a. general accounting procedures
- b. generally accepted plans
- c. generally accepted accounting principles
- d. generally accepted accounting practices

**ANSWER: c**

85. Assets are

- a. always lower than liabilities
- b. equal to liabilities less stockholders' equity
- c. the same as expenses because they are acquired with cash
- d. financed by the stockholders and/or creditors

**ANSWER: d**

86. Debts owed by a business are referred to as

**Chapter 01: Introduction to Accounting and Business**

- a. accounts receivable
- b. expenses
- c. stockholders' equity
- d. liabilities

**ANSWER: d**

87. The accounting equation may be expressed as

- a.  $\text{Assets} = \text{Expenses} - \text{Liabilities}$
- b.  $\text{Assets} + \text{Liabilities} = \text{Stockholders' Equity}$
- c.  $\text{Assets} = \text{Revenues} - \text{Liabilities}$
- d.  $\text{Assets} - \text{Liabilities} = \text{Stockholders' Equity}$

**ANSWER: d**

88. The assets and liabilities of a company are \$128,000 and \$84,000, respectively. Stockholders' equity should equal

- a. \$212,000
- b. \$44,000
- c. \$128,000
- d. \$84,000

**ANSWER: b**

89. If total liabilities decreased by \$46,000 during a period of time and stockholders' equity increased by \$60,000 during the same period, the amount and direction (increase or decrease) of the period's change in total assets is a

- a. \$106,000 increase
- b. \$14,000 increase
- c. \$14,000 decrease
- d. \$106,000 decrease

**ANSWER: b**

90. Which of the following is **not** a business transaction?

- a. make a sales offer
- b. sell goods for cash
- c. receive cash for services to be rendered later
- d. pay for supplies

**ANSWER: a**

91. A business paid \$7,000 to a creditor for an amount owed. The effect of the transaction on the accounting equation was to

- a. increase an asset; decrease another asset
- b. decrease an asset; decrease a liability
- c. increase an asset; increase a liability
- d. increase an asset; increase stockholders' equity

**ANSWER: b**

92. Earning revenue

**Chapter 01: Introduction to Accounting and Business**

- a. increases assets; increases stockholders' equity
- b. increases assets; decreases stockholders' equity
- c. increases one asset; decreases another asset
- d. decreases assets; increases liabilities

**ANSWER: a**

93. The monetary value earned for selling goods or services to customers is called a(n)

- a. asset
- b. net income
- c. capital
- d. revenue

**ANSWER: d**

94. Goods purchased on account for future use in the business, such as supplies, are called

- a. prepaid liabilities
- b. revenues
- c. prepaid expenses
- d. liabilities

**ANSWER: c**

95. The asset created by a business when it makes a sale on account is termed

- a. accounts payable
- b. prepaid expense
- c. interest revenue
- d. accounts receivable

**ANSWER: d**

96. The debt created by a business when it makes a purchase on account is called an

- a. account payable
- b. account receivable
- c. asset
- d. expense payable

**ANSWER: a**

97. If total assets decreased by \$88,000 during a period of time and stockholders' equity increased by \$71,000 during the same period, then the amount and direction (increase or decrease) of the period's change in total liabilities is

- a. a \$17,000 increase
- b. an \$88,000 decrease
- c. a \$159,000 increase
- d. a \$159,000 decrease

**ANSWER: d**

98. Cash dividends

- a. increase expenses

**Chapter 01: Introduction to Accounting and Business**

- b. decrease expenses
- c. increase cash
- d. decrease stockholders' equity

**ANSWER: d**

99. How does paying a liability in cash affect the accounting equation?

- a. assets increase; liabilities decrease
- b. assets increase; liabilities increase
- c. assets decrease; liabilities decrease
- d. liabilities decrease; stockholders' equity increases

**ANSWER: c**

100. How does receiving a bill to be paid next month for services received affect the accounting equation?

- a. assets decrease; stockholders' equity decreases
- b. assets increase; liabilities increase
- c. liabilities increase; stockholders' equity increases
- d. liabilities increase; stockholders' equity decreases

**ANSWER: d**

101. How does the payment of rent for equipment affect the accounting equation?

- a. assets increase; assets decrease
- b. assets decrease; stockholders' equity decreases
- c. assets decrease; liabilities increase
- d. assets increase; stockholders' equity increases

**ANSWER: b**

102. Land, originally purchased for \$30,000, is sold for \$62,000 in cash. What is the effect of the sale on the accounting equation?

- a. assets increase by \$62,000; stockholders' equity increases by \$62,000
- b. assets increase by \$32,000; stockholders' equity increases by \$32,000
- c. assets increase by \$62,000; liabilities decrease by \$30,000; stockholders' equity increases by \$32,000
- d. assets increase by \$30,000; no change in liabilities; stockholders' equity increases by \$62,000

**ANSWER: b**

103. Which of the following accounts is a liability?

- a. Accounts Payable
- b. Accounts Receivable
- c. Wages Expense
- d. Service Revenue

**ANSWER: a**

104. As of the end of its accounting period, December 31, Year 1, Great Plains Company has assets of \$940,000 and liabilities of \$300,000. During Year 2, stockholders invested an additional \$73,000 and received \$33,000 in dividends from the business. What is the amount of net income during Year 2, assuming that as of December 31, Year 2, assets were \$995,000 and liabilities were \$270,000?

**Chapter 01: Introduction to Accounting and Business**

- a. \$45,000
- b. \$50,000
- c. \$106,000
- d. \$370,000

**ANSWER: a**

105. Which of the following asset accounts is increased when a receivable is collected?

- a. Accounts Receivable
- b. Supplies
- c. Accounts Payable
- d. Cash

**ANSWER: d**

106. Transactions affecting stockholders' equity include

- a. stockholder investments and payment of liabilities
- b. stockholder investments, dividends, earning of revenues, and incurrence of expenses
- c. stockholder investments, earning of revenues, incurrence of expenses, and collection of accounts receivable
- d. stockholder dividends, earning of revenues, incurrence of expenses, and purchase of supplies on account

**ANSWER: b**

107. Computer Corporation is starting its computer programming business and has sold stock of \$15,000. Identify how the accounting equation will be affected.

- a. increase in assets (Cash) and increase in liabilities (Accounts Payable)
- b. increase in assets (Cash) and increase in stockholders' equity (Common Stock)
- c. increase in assets (Accounts Receivable) and decrease in liabilities (Accounts Payable)
- d. increase in assets (Cash) and increase in assets (Accounts Receivable)

**ANSWER: b**

108. Ramos Repair Company is paying a cash dividend. How does this transaction affect Ramos Repair Company's accounting equation?

- a. increase in assets (Accounts Receivable) and decrease in assets (Cash)
- b. decrease in assets (Cash) and decrease in stockholders' equity (Dividends)
- c. decrease in assets (Cash) and decrease in liabilities (Accounts Payable)
- d. increase in assets (Cash) and decrease in stockholders' equity (Dividends)

**ANSWER: b**

109. Which of the following is **not** a business transaction?

- a. Erin, the CEO, buys \$15,000 in stock, placing the money in a bank account in the name of Bob's Lawn Service.
- b. Erin provided services to customers, earning fees of \$600.
- c. Erin purchased hedge trimmers for Bob's Lawn Service, agreeing to pay the supplier next month.
- d. Erin pays her monthly personal credit card bill.

**ANSWER: d**

**Chapter 01: Introduction to Accounting and Business**

110. Which of the following is a business transaction?

- a. purchase supplies on account
- b. plan advertising for upcoming sale
- c. give employees a raise beginning next month
- d. submit estimate for construction project

**ANSWER: a**

111. The financial statement that presents a summary of the revenues and expenses of a business for a specific period of time, such as a month or year, is called a(n)

- a. prior period statement
- b. statement of stockholders' equity
- c. income statement
- d. balance sheet

**ANSWER: c**

112. Which of the following financial statements reports information as of a specific date?

- a. income statement
- b. statement of stockholders' equity
- c. statement of cash flows
- d. balance sheet

**ANSWER: d**

113. Four financial statements are usually prepared for a business. The statement of cash flows is usually prepared last. The statement of stockholders' equity (SSE), the balance sheet (B), and the income statement (I) are prepared in a certain order to obtain information needed for the next statement. In what order are these three statements prepared?

- a. I, SSE, B
- b. B, I, SSE
- c. SSE, I, B
- d. B, SSE, I

**ANSWER: a**

114. Liabilities are reported on the

- a. income statement
- b. statement of stockholders' equity
- c. statement of cash flows
- d. balance sheet

**ANSWER: d**

115. Cash investments made by the owner in the business are reported on the statement of cash flows in the

- a. financing activities section
- b. investing activities section
- c. operating activities section
- d. supplemental statement

**ANSWER: a**

**Chapter 01: Introduction to Accounting and Business**

116. The ending balance of the retained earnings account appears in
- both the statement of stockholders' equity and the income statement
  - only the statement of stockholders' equity
  - both the statement of stockholders' equity and the balance sheet
  - both the statement of stockholders' equity and the statement of cash flows

**ANSWER: c**

117. A financial statement user would determine if a company was profitable or not during a specific period of time by reviewing the
- income statement
  - balance sheet
  - statement of cash flows
  - statement of stockholders' equity

**ANSWER: a**

118. If a shareholder wanted to know how money flowed into and out of the company, which financial statement would the shareholder use?
- income statement
  - statement of cash flows
  - balance sheet
  - statement of stockholders' equity

**ANSWER: b**

119. The Assets section of the balance sheet normally presents assets in
- alphabetical order
  - the order of largest to smallest dollar amounts
  - the order in which they will be converted into cash or used in operations
  - the order of smallest to largest dollar amounts

**ANSWER: c**

120. Which of the following statements regarding the ratio of liabilities to stockholders' equity is **not** true?
- A ratio of 1 indicates that liabilities equal stockholders' equity.
  - Sole proprietorships can use this ratio but substitute total owner's equity for total stockholders' equity.
  - The higher this ratio, the better able a business is to withstand poor business conditions and pay creditors.
  - The lower this ratio, the better able a business is to withstand poor business conditions and pay creditors.

**ANSWER: c**

121. A company had the following data for two recent years:

|                            | <u>Dec. 31, Year 2</u> | <u>Dec. 31, Year 1</u> |
|----------------------------|------------------------|------------------------|
| Total liabilities          | \$128,250              | \$120,000              |
| Total stockholders' equity | 95,000                 | 80,000                 |

Compute the ratio of liabilities to stockholders' equity for each year. Round to two decimal places.

- 1.50 and 1.07, respectively
- 1.35 and 1.50, respectively
- 1.07 and 1.19, respectively
- 1.19 and 1.35, respectively

**Chapter 01: Introduction to Accounting and Business**

**ANSWER:** b

122. Which of the following is **not** an example of a service business?

- a. tax preparation firm
- b. law firm
- c. health club and spa
- d. automobile dealer

**ANSWER:** d

123. Which of the following is an example of a retail business?

- a. book publisher
- b. hospital
- c. supermarket
- d. modular homebuilder

**ANSWER:** c

124. Which of the following is **not** an example of a manufacturing business?

- a. book printer
- b. men's clothing store
- c. dressmaking company
- d. modular homebuilder

**ANSWER:** b

125. Which of the following comprises 70% of business entities in the United States?

- a. proprietorship
- b. partnership
- c. corporation
- d. limited liability company (LLC)

**ANSWER:** a

126. Which of the following generates 90% of business revenues in the United States?

- a. proprietorship
- b. partnership
- c. corporation
- d. limited liability company (LLC)

**ANSWER:** c

127. Which of the following is true of the partnership form of business?

- a. owned by two or more individuals
- b. organized as a separate legal taxable entity
- c. easy and cheap to organize
- d. used by large businesses

**ANSWER:** a

**Chapter 01: Introduction to Accounting and Business**

128. Which of the following is **not** true of a limited liability company (LLC)?

- a. often used as an alternative to a partnership
- b. constitutes 20% of business organizations in the United States
- c. offers tax and legal liability advantages for owners
- d. combines the attributes of a partnership and a corporation

**ANSWER: b**

129. The receipt of cash for services provided has what effect on the accounting equation?

- a. increases assets; increases liabilities
- b. increases liabilities; decreases stockholders' equity
- c. increases assets; increases stockholders' equity
- d. decreases assets; decreases liabilities

**ANSWER: c**

130. The payment of cash to a creditor on account has what effect on the accounting equation?

- a. increases assets; increases liabilities
- b. increases liabilities; decreases stockholders' equity
- c. increases assets; decreases assets
- d. decreases assets; decreases liabilities

**ANSWER: d**

131. The receipt of cash from a credit customer on account has what effect on the accounting equation?

- a. increases assets; increases liabilities
- b. increases liabilities; decreases stockholders' equity
- c. increases assets; decreases assets
- d. decreases assets; decreases liabilities

**ANSWER: c**

132. The payment of dividends has what effect on the accounting equation?

- a. increases assets; increases liabilities
- b. increases liabilities; decreases stockholders' equity
- c. increases stockholders' equity; decreases stockholders' equity
- d. decreases assets; decreases stockholders' equity

**ANSWER: d**

133. A purchase of supplies on credit has what effect on the accounting equation?

- a. increases assets; increases liabilities
- b. increases liabilities; decreases stockholders' equity
- c. increases assets; increases stockholders' equity
- d. decreases assets; decreases liabilities

**ANSWER: a**

134. Borrowing money from the bank has what effect on the accounting equation?

- a. increases assets; decreases assets

**Chapter 01: Introduction to Accounting and Business**

- b. increases liabilities; decreases stockholders' equity
- c. decreases assets; decreases stockholders' equity
- d. increases assets; increases liabilities

**ANSWER: d**

135. The purchase of equipment for cash has what effect on the accounting equation?

- a. increases assets; decreases assets
- b. increases liabilities; decreases stockholders' equity
- c. decreases assets; decreases stockholders' equity
- d. decreases assets; decreases liabilities

**ANSWER: a**

136. The using up of supplies on hand has what effect on the accounting equation?

- a. increases assets; increases liabilities
- b. increases liabilities; decreases stockholders' equity
- c. decreases assets; decreases stockholders' equity
- d. decreases assets; decreases liabilities

**ANSWER: c**

137. Which of the following statements should be prepared first?

- a. income statement
- b. balance sheet
- c. statement of stockholders' equity
- d. statement of cash flows

**ANSWER: a**

138. Which of the following statements should be prepared second?

- a. income statement
- b. balance sheet
- c. statement of stockholders' equity
- d. statement of cash flows

**ANSWER: c**

139. Which of the following statements is a formal presentation of the accounting equation?

- a. income statement
- b. balance sheet
- c. statement of stockholders' equity
- d. statement of cash flows

**ANSWER: b**

140. Discuss internal and external users of accounting information. What areas of accounting provide them with information? Give an example of the type of report each type of user might use.

**ANSWER:** Internal users of accounting information include managers and employees. The area of accounting that provides internal users with information is called managerial accounting or management accounting.

## **Chapter 01: Introduction to Accounting and Business**

Managerial accounting reports often include sensitive information, for example about customers, prices, or plans to expand the business.

External users of accounting information include customers, creditors, banks, and government entities. These users are not directly involved in managing or operating the business. The area of accounting that provides external users with information is called financial accounting. General-purpose financial statements are one type of financial accounting report that is distributed to external users.

141. Companies like Enron, HealthSouth, and Xerox Corporation have been caught in the midst of ethical lapses that led to fines, firings, and criminal and/or civil prosecution. List and briefly describe two factors that are responsible for what went wrong in these companies.

**ANSWER:** The two factors are: (1) failure in individual character and (2) company culture of greed and ethical indifference. Honesty, integrity, and fairness in the face of pressure to hide the truth are important characteristics of an ethical businessperson. The behavior and attitude of senior management set a firm's culture. That culture in turn flows down to lower-level managers.

142. List the five steps in the process by which accounting provides information to users.

**ANSWER:**

1. Identify users.
2. Assess users' information needs.
3. Design the accounting information system to meet users' needs.
4. Record economic data about business activities and events.
5. Prepare accounting reports for users.

143. Identify each of the following as either internal or external users of accounting information.

|    |                                |
|----|--------------------------------|
| A. | Payroll manager                |
| B. | Bank                           |
| C. | President's secretary          |
| D. | Internal Revenue Service       |
| E. | Raw material vendors           |
| F. | Social Security Administration |
| G. | Health insurance provider      |
| H. | Managerial accountant          |

**ANSWER:**

|    |          |
|----|----------|
| A. | Internal |
| B. | External |
| C. | Internal |
| D. | External |
| E. | External |
| F. | External |
| G. | External |
| H. | Internal |

144. For each of the following companies, identify whether they are a service, retail, or manufacturing business.

|    |                   |
|----|-------------------|
| A. | Kohl's            |
| B. | Time Warner Cable |
| C. | General Motors    |
| D. | Regal Cinemas     |
| E. | Applebee's        |

**Chapter 01: Introduction to Accounting and Business**

|    |                 |
|----|-----------------|
| F. | Sony            |
| G. | Best Buy        |
| H. | Banana Republic |
| I. | H&R Block       |

**ANSWER:**

|    |                       |
|----|-----------------------|
| A. | Retail                |
| B. | Service               |
| C. | Manufacturing         |
| D. | Service               |
| E. | Service               |
| F. | Service/Manufacturing |
| G. | Retail                |
| H. | Retail                |
| I. | Service               |

145. What is the major difference between the objective of financial accounting and the objective of managerial accounting?

**ANSWER:** The objective of financial accounting is to provide information for the decision-making needs of external users. The objective of managerial accounting is to provide information for internal users.

146. On May 7, Carpet Barn Company offered to pay \$83,000 for land that had a selling price of \$105,000. On May 15, Carpet Barn accepted a counteroffer of \$95,000. On June 5, the land was assessed at a value of \$115,000 for property tax purposes. On December 10, Carpet Barn Company was offered \$135,000 for the land by another company. At what value should the land be recorded in Carpet Barn Company's records?

**ANSWER:** \$95,000

147. Donner Company is selling a piece of land adjacent to its business. An appraisal reported the market value of the land to be \$120,000. Focus Company initially offered to buy the land for \$107,000. The companies settled on a purchase price of \$115,000. On the same day, another piece of land on the same block sold for \$122,000. Under the cost principle, what amount will be used to record this transaction in the accounting records?

**ANSWER:** \$115,000

148. Explain the meaning of the business entity assumption.

**ANSWER:** The business entity assumption limits the economic data in an accounting system to data related directly to the activities of the business. In other words, the business is viewed as an entity separate from its owners, creditors, or other businesses.

149. Darnell Company purchased \$88,000 of computer equipment from Joseph Company. Darnell Company paid for the equipment using cash that had been obtained from the initial investment by Donnie Darnell.

Which entity or entities (Darnell Company, Joseph Company, and Donnie Darnell) should record the transaction involving the computer equipment on their accounting records?

**ANSWER:** Darnell Company and Joseph Company

150. Discuss the characteristics of a limited liability company (LLC).

**ANSWER:** A limited liability company (LLC) combines the attributes of a partnership and a corporation. It is often used as an alternative to a partnership because it has tax and legal liability advantages for owners.

## **Chapter 01: Introduction to Accounting and Business**

151. Explain the meaning of:

- (a) the measurement principle
- (b) the monetary unit assumption

**ANSWER:** (a) The measurement principle requires that the amounts recorded in the accounting records be based on objective evidence. In exchanges between a buyer and a seller, both try to get the best price. Only the final agreed-upon amount is objective enough to be recorded in the accounting records.

(b) The monetary unit assumption requires that financial reports be expressed in a single monetary unit, or currency. For example, economic data in the United States must be recorded in U.S. dollars. This provides a common measurement of the effects of economic events and transactions on an entity.

152. Bob Johnson is the sole owner of Johnson's Carpet Cleaning Service. Bob purchased a personal automobile for \$10,000 cash plus he took out a loan for \$20,000 in his name. Describe how this transaction is related to the business entity assumption.

**ANSWER:** Under the business entity assumption, economic data are limited to the direct activities of the business. The business is viewed as separate from its owner. Therefore, when Bob buys a personal automobile, it is not listed on the books of Johnson's Carpet Cleaning, unless Bob invests it in the business. In this case, the loan is a personal debt and not a liability of the company, and the cash is from Bob's personal account and not the company's account.

153. Dave Ryan is the CEO of Ryan's Arcade. At the end of its accounting period, December 31, Ryan's Arcade has assets of \$450,000 and liabilities of \$125,000. Using the accounting equation, determine the following amounts:

- (a) Stockholders' equity as of December 31 of the current year
- (b) Stockholders' equity as of December 31 at the end of the next year, assuming that assets increased by \$65,000 and liabilities increased by \$35,000 during the year

**ANSWER:** (a) \$325,000 (\$450,000 – \$125,000)  
 (b) \$355,000 [(\$450,000 + \$65,000) – (\$125,000 + \$35,000)]

154. Krammer Company has liabilities equal to one-fourth of the total assets. Krammer's stockholders' equity is \$45,000. Using the accounting equation, what is the amount of liabilities for Krammer?

**ANSWER:** Assets = Liabilities + Stockholders' Equity  
 $4x = x + \$45,000$   
 $3x = \$45,000$   
 $x = \$15,000$  in liabilities

155. Determine the missing amount for each of the following:

| <u>Assets</u> | <u>Liabilities</u> | <u>Stockholders' Equity</u> |
|---------------|--------------------|-----------------------------|
| (a)           | \$38,000           | \$45,000                    |
| \$30,000      | (b)                | \$22,000                    |
| \$53,000      | \$32,000           | (c)                         |

**ANSWER:** (a) \$83,000 (\$38,000 + \$45,000)  
 (b) \$8,000 (\$30,000 – \$22,000)  
 (c) \$21,000 (\$53,000 – \$32,000)

156. Determine the missing amount "X" for each of the following:

| Assets       | Liabilities | Stockholders' Equity |
|--------------|-------------|----------------------|
| (a) \$78,500 | \$37,600    | X                    |
| (b) X        | \$53,280    | \$145,000            |

**Chapter 01: Introduction to Accounting and Business**

|     |          |   |          |
|-----|----------|---|----------|
| (c) | \$49,500 | X | \$34,000 |
|-----|----------|---|----------|

**ANSWER:** (a) \$40,900 (\$78,500 – \$37,600)

(b) \$198,280 (\$53,280 + \$145,000)

(c) \$15,500 (\$49,500 – \$34,000)

157. Use the accounting equation to answer each of the following independent questions.

(a) At the beginning of the year, Norton Company's assets were \$75,000, and its stockholders' equity was \$38,000. During the year, assets increased by \$18,000, and liabilities increased by \$4,000. What was the stockholders' equity at the end of the year?

(b) At the beginning of the year, Turpin Industries had liabilities of \$44,000 and stockholders' equity of \$66,000. If assets increased by \$10,000 and liabilities decreased by \$5,000, what was the stockholders' equity at the end of the year?

**ANSWER:** (a)  $\$75,000 - \$38,000 = \$37,000$  beginning-of-year liabilities

$(\$75,000 + \$18,000) - (\$37,000 + \$4,000) = \$52,000$  end-of-year stockholders' equity

(b)  $\$44,000 + \$66,000 = \$110,000$  beginning-of-year assets

$(\$110,000 + \$10,000) - (\$44,000 - \$5,000) = \$81,000$  end-of-year stockholders' equity

158. On July 1 of the current year, the assets and liabilities of John Wong, DVM, are as follows: Cash, \$27,000; Accounts Receivable, \$12,300; Supplies, \$3,100; Land, \$35,000; Accounts Payable, \$13,900. What is the amount of stockholders' equity as of July 1 of the current year?

**ANSWER:** \$63,500

$(\$27,000 \text{ Cash} + \$12,300 \text{ Accounts Receivable} + \$3,100 \text{ Supplies} + \$35,000 \text{ Land} - \$13,900 \text{ Accounts Payable}) = \$63,500$

159. At the end of its accounting period, December 31, of Year 1, Hsu's Financial Services has assets of \$575,000 and stockholders' equity of \$335,000. Using the accounting equation and considering each case independently, determine the following amounts.

(a) Hsu's liabilities as of December 31, of Year 1.

(b) Hsu's liabilities as of December 31, of Year 2, assuming that assets increased by \$56,000 and shareholders' equity decreased by \$32,000.

(c) Net income or net loss during Year 2, assuming that as of December 31, Year 2, assets were \$592,000, liabilities were \$450,000, and there were no additional investments or dividends.

**ANSWER:** (a)  $\$575,000 - \$335,000 = \$240,000$

(b)  $(\$575,000 + \$56,000) - (\$335,000 - \$32,000) = \$328,000$

(c)  $\$592,000 - \$450,000 = \$142,000$  shareholders' equity Year 2

$\$335,000 - \$142,000 = \$193,000$  net loss

160. Indicate whether each of the following accounts represents an asset, liability, or stockholders' equity:

(a) Accounts Payable

**Chapter 01: Introduction to Accounting and Business**

- (b) Wages Expense
- (c) Common Stock
- (d) Accounts Receivable
- (e) Dividends
- (f) Land

**ANSWER:** (a) liability  
 (b) stockholders' equity  
 (c) stockholders' equity  
 (d) asset  
 (e) stockholders' equity  
 (f) asset

161. At December 31 of the current year, Martin Consultants has assets of \$430,000 and liabilities of \$205,000. Using the accounting equation and considering each case independently, determine the following:

- (a) Stockholders' equity as of December 31.
- (b) Stockholders' equity as of December 31 of the next year, assuming that assets increased by \$12,000 and liabilities increased by \$15,000.
- (c) Stockholders' equity as of December 31 of the next year, assuming that assets decreased by \$8,000 and liabilities increased by \$14,000.

**ANSWER:** (a)  $\$430,000 - \$205,000 = \$225,000$

$$(b) (\$430,000 + \$12,000) - (\$205,000 + \$15,000) = \$222,000$$

$$(c) (\$430,000 - \$8,000) - (\$205,000 + \$14,000) = \$203,000$$

The accountant for Scott Industries prepared the following list of account balances from the company's records for the year ended December 31. Use this information to answer the questions that follow.

|                          |           |                      |          |
|--------------------------|-----------|----------------------|----------|
| Fees Earned              | \$165,000 | Cash                 | \$30,000 |
| Accounts Receivable      | 16,000    | Selling Expenses     | 44,000   |
| Equipment                | 64,000    | Common Stock         | 47,000   |
| Accounts Payable         | 12,000    | Interest Revenue     | 3,000    |
| Salaries & Wages Expense | 40,000    | Income Taxes Expense | 18,000   |
| Income Taxes Payable     | 5,000     | Rent Expense         | 20,000   |

162. Determine the total assets at the end of the current year for Scott Industries.

**ANSWER:** \$110,000

$$(\$30,000 \text{ Cash} + \$16,000 \text{ Accounts Receivable} + \$64,000 \text{ Equipment}) = \$110,000$$

163. Determine the total liabilities at the end of the current year for Scott Industries.

**ANSWER:** \$17,000

$$(\$12,000 \text{ Accounts Payable} + \$5,000 \text{ Income Taxes Payable}) = \$17,000$$

164. Based on this information, is Scott Industries profitable? Explain your answer.

**ANSWER:**  $(\$165,000 \text{ Fees Earned} + \$3,000 \text{ Interest Revenue}) - (\$40,000 \text{ Salaries and Wages Expense} + \$44,000 \text{ Selling Expenses} + \$18,000 \text{ Income Taxes Expense} + \$20,000 \text{ Rent Expense}) = \$46,000 \text{ Net Income}$

## Chapter 01: Introduction to Accounting and Business

Scott Industries had net income for the period of \$46,000. Since revenues exceeded expenses for the period, the company would be considered profitable.

165. Daniels Company made the following selected transactions during May:

1. Received cash from sale of stock, \$55,000.
2. Paid creditors on account, \$7,000.
3. Billed customers for services on account, \$2,565.
4. Received cash from customers on account, \$8,450.
5. Paid dividends to stockholders, \$2,500.
6. Purchased supplies on account \$160.

Indicate the effect of each transaction on the accounting equation by:

- (a) Account type—(A)assets, (L)liabilities, (SE)stockholders' equity, (R)revenue, and (E)expense
- (b) Name of account
- (c) Amount of the transaction
- (d) Direction of change (increase or decrease) in the account affected

Note: Each transaction has two entries.

| Entry |                     |                        |               |                             | Entry |                     |                        |                                    |
|-------|---------------------|------------------------|---------------|-----------------------------|-------|---------------------|------------------------|------------------------------------|
|       | Account Type<br>(a) | Name of Account<br>(b) | Amount<br>(c) | Increase or Decrease<br>(d) |       | Account Type<br>(a) | Name of Account<br>(b) | Increase or Decrease<br>(c)<br>(d) |
| 1     |                     |                        |               |                             |       |                     |                        |                                    |
| 2     |                     |                        |               |                             |       |                     |                        |                                    |
| 3     |                     |                        |               |                             |       |                     |                        |                                    |
| 4     |                     |                        |               |                             |       |                     |                        |                                    |

166. Collins Landscape Company purchased various landscaping supplies on account to be used for landscape designs for its customers. How will this business transaction affect the accounting equation?

**ANSWER:** Increase assets (Supplies) and increase liabilities (Accounts Payable)

## **Chapter 01: Introduction to Accounting and Business**

167. Ramirez Company paid its electric bill in the amount of \$60. How will this transaction affect the accounting equation?

**ANSWER:** Decrease assets (Cash) and decrease stockholders' equity (Utilities Expense)

168. Indicate how the following transactions affect the accounting equation.

- (a) Purchase of supplies on account
- (b) Purchase of supplies for cash
- (c) Payment of cash dividends to stockholders
- (d) Revenues received in cash
- (e) Sale made on account

**ANSWER:** (a) Assets increase; liabilities increase  
 (b) No effect  
 (c) Assets decrease; stockholders' equity decreases  
 (d) Assets increase; stockholders' equity increases  
 (e) Assets increase; stockholders' equity increases

169. (a) A vacant lot acquired for \$83,000 cash is sold for \$127,000 in cash. What is the effect of the sale on the total amount of the seller's (1) assets, (2) liabilities, and (3) stockholders' equity?

(b) Assume that the seller owes \$52,000 on a loan for the land. After receiving the \$127,000 cash in (a), the seller pays the \$52,000 owed. What is the effect of the payment on the total amount of the seller's (1) assets, (2) liabilities, and (3) stockholders' equity?

**ANSWER:** (a) (1) Total assets increased \$44,000  
 (2) No change in liabilities  
 (3) Stockholders' equity increased \$44,000  
 (b) (1) Total assets decreased \$52,000  
 (2) Total liabilities decreased \$52,000  
 (3) No change in stockholders' equity

170. Austin Land Company sold land for \$85,000 in cash. The land was originally purchased for \$65,000. At the time of the sale, \$40,000 was still owed to Regions Bank. After the sale, Austin Land Company paid off the loan. Explain the effect of the sale and the payoff of the loan on the accounting equation.

**ANSWER:** Total assets decrease \$20,000 (Cash increases by \$45,000; Land decreases by \$65,000)  
 Total liabilities decrease \$40,000 (Loan payoff to Regions Bank)  
 Stockholders' equity increases \$20,000 (Sales price – Cost of the land)

171. There are four transactions that affect stockholders' equity.

- (a) What are the two types of transactions that increase stockholders' equity?
- (b) What are the two types of transactions that decrease stockholders' equity?

**ANSWER:** (a) Purchase of additional common stock by stockholders and increase in revenues  
 (b) Payment of dividends to stockholders and increase in expenses

The assets and liabilities of Thompson Computer Services at March 31, the end of the current year, and its revenue and expenses for the year follow. The common stock was \$120,000 and the retained earnings was \$60,000 at April 1, the beginning of the current year. During the year, shareholders purchased an additional \$25,000 in stock. Use this information to answer the questions that follow.

|                     |          |                       |          |
|---------------------|----------|-----------------------|----------|
| Accounts payable    | \$ 2,000 | Miscellaneous expense | \$ 1,030 |
| Accounts receivable | 10,340   | Office expense        | 1,240    |

**Chapter 01: Introduction to Accounting and Business**

|             |         |               |        |
|-------------|---------|---------------|--------|
| Cash        | 21,420  | Supplies      | 1,670  |
| Fees earned | 73,450  | Wages expense | 23,550 |
| Land        | 47,000  | Dividends     | 16,570 |
| Building    | 157,630 |               |        |

172. Identify each of the following as an (1) increase to stockholders' equity or a (2) decrease to stockholders' equity.

- (a) Fees earned
- (b) Wages expense
- (c) Dividends
- (d) Lawn care revenue
- (e) Investment
- (f) Supplies expense

**ANSWER:** (a) 1  
 (b) 2  
 (c) 2  
 (d) 1  
 (e) 1  
 (f) 2

173. Prepare an income statement for the current year ended March 31.

**ANSWER:**

| Thompson Computer Services<br>Income Statement<br>For the Year Ended March 31 |                |  |                 |
|-------------------------------------------------------------------------------|----------------|--|-----------------|
| Fees earned                                                                   |                |  | \$73,450        |
| Expenses:                                                                     |                |  |                 |
| Wages expense                                                                 | \$23,550       |  |                 |
| Office expense                                                                | 1,240          |  |                 |
| Miscellaneous expense                                                         | <u>1,030</u>   |  |                 |
|                                                                               | Total expenses |  | <u>(25,820)</u> |
| Net income                                                                    |                |  | <u>\$47,630</u> |

174. Prepare a statement of stockholders' equity for the current year ended March 31.

**ANSWER:**

| Thompson Computer Services<br>Statement of Stockholders' Equity<br>For the Year Ended March 31 |                  |                      |                  |
|------------------------------------------------------------------------------------------------|------------------|----------------------|------------------|
|                                                                                                | Common<br>Stock  | Retained<br>Earnings | Total            |

| Total liabilities and stockholders' equity | <u>\$238,060</u> |

176. Use the following information to determine the net income or net loss:

|                                |          |
|--------------------------------|----------|
| Beginning stockholders' equity | \$58,000 |
| Ending stockholders' equity    | 30,000   |
| Stockholder dividends          | 25,000   |

**ANSWER:**

|                                  |                   |
|----------------------------------|-------------------|
| Ending stockholders' equity      | \$ 30,000         |
| Beginning stockholders' equity   | <u>(58,000)</u>   |
| Decrease in stockholders' equity | <u>\$(28,000)</u> |
| Dividends                        | <u>25,000</u>     |
| Net loss                         | <u>\$ (3,000)</u> |

177. A summary of cash flows for Linda's Design Services for the year ended December 31 follows:

|                                  |          |
|----------------------------------|----------|
| Cash receipts:                   |          |
| Cash received from customers     | \$83,990 |
| Cash received from sale of stock | 25,000   |
| Cash payments:                   |          |
| Cash paid for expenses           | \$27,000 |
| Cash paid for land               | 47,000   |
| Cash paid for supplies           | 410      |
| Dividends                        | 5,000    |
| Cash balance as of January 1     | \$40,600 |

Prepare a statement of cash flows for Linda's Design Services for the year ended December 31.

**ANSWER:**

Linda's Design Services  
Statement of Cash Flows  
For the Year Ended December 31

**Chapter 01: Introduction to Accounting and Business**

Cash flows from (used for) operating activities:

|                                          |                 |
|------------------------------------------|-----------------|
| Cash received from customers             | \$83,990        |
| Cash paid for expenses and supplies      | <u>(27,410)</u> |
| Net cash flows from operating activities | \$ 56,580       |

Cash flows from (used for) investing activities:

|                    |          |
|--------------------|----------|
| Cash paid for land | (47,000) |
|--------------------|----------|

Cash flows from (used for) financing activities:

|                                          |                |
|------------------------------------------|----------------|
| Cash received from issuing common stock  | \$25,000       |
| Cash dividends                           | <u>(5,000)</u> |
| Net cash flows from financing activities | <u>20,000</u>  |

Net increase in cash \$29,580

Cash balance, January 1 40,600

Cash balance, December 31 \$70,180

178. What information does the income statement give to business users?

**ANSWER:** The income statement reports the revenues and expenses for a period of time. The result is either a net income or a net loss.

179. What are the three sections of the statement of cash flows?

**ANSWER:** Cash flows from (used for) operating activities  
Cash flows from (used for) investing activities  
Cash flows from (used for) financing activities

180. Match the following items to the financial statement where they can be found. (*Hint:* Some of the items can be found on more than one financial statement.)

- A. Balance sheet
- B. Income statement
- C. Statement of cash flows
- D. Statement of stockholders' equity

| #   | Item                 |
|-----|----------------------|
| 1.  | Dividends            |
| 2.  | Revenues             |
| 3.  | Supplies             |
| 4.  | Land                 |
| 5.  | Accounts payable     |
| 6.  | Accounts receivable  |
| 7.  | Operating activities |
| 8.  | Wages expense        |
| 9.  | Net income           |
| 10. | Cash                 |

|                |    |        |           |
|----------------|----|--------|-----------|
| <b>ANSWER:</b> | #  | Answer | Item      |
|                | 1. | C, D   | Dividends |

**Chapter 01: Introduction to Accounting and Business**

|     |      |                      |
|-----|------|----------------------|
| 2.  | B    | Revenues             |
| 3.  | A    | Supplies             |
| 4.  | A    | Land                 |
| 5.  | A    | Accounts payable     |
| 6.  | A    | Accounts receivable  |
| 7.  | C    | Operating activities |
| 8.  | B    | Wages expense        |
| 9.  | B, D | Net income           |
| 10. | A, C | Cash                 |

181. Name and describe the four primary financial statements for a corporation.

**ANSWER:** 1. Income statement: A summary of the revenue and expenses *for a specific period of time*, such as a month or a year.  
 2. Statement of stockholders' equity: A summary of the changes in stockholders' equity that have occurred *during a specific period of time*, such as a month or a year.  
 3. Balance sheet: A list of the assets, liabilities, and owner's equity *as of a specific date*, usually at the close of the last day of a month or a year.  
 4. Statement of cash flows: A summary of the cash receipts and cash payments for a *specific period of time*, such as a month or a year.

182. A summary of cash flows for Evelyn's Event Planning for the year ended December 31 follows:

## Cash receipts:

|                              |          |
|------------------------------|----------|
| Cash received from customers | \$57,360 |
| Cash received from bank loan | 15,000   |

## Cash payments:

|                                  |          |
|----------------------------------|----------|
| Cash paid for operating expenses | \$12,120 |
| Cash paid for equipment          | 18,070   |
| Cash paid for party supplies     | 9,480    |
| Dividends                        | 12,000   |

Cash balance as of January 1 \$15,580

Prepare a statement of cash flows for Evelyn's Event Planning for the year ended December 31.

| Dividends             |                 | (38,170)             | (38,170)        |
| Balances, December 31 | <u>\$58,000</u> | <u>\$27,455</u>      | <u>\$85,455</u> |

186. Explain the interrelationship between the balance sheet and the statement of cash flows.

**ANSWER:** The cash reported on the balance sheet is also reported as the end-of-period cash on the statement of cash flows.

187. From the following list of accounts taken from Lamar's accounting records, identify those that would appear on the income statement.

- (a) Rent Expense
- (b) Land
- (c) Common Stock
- (d) Fees Earned
- (e) Dividends
- (f) Wages Expense

**Chapter 01: Introduction to Accounting and Business**

(g) Investments

**ANSWER:** (a), (d), (f)

188. Identify which of the following accounts would appear on a balance sheet.

- (a) Cash
- (b) Fees Earned
- (c) Common Stock
- (d) Wages Payable
- (e) Rent Expense
- (f) Supplies
- (g) Land

**ANSWER:** (a), (c), (d), (f), (g)

189. Indicate whether each of the following activities would be reported on the statement of cash flows as an operating activity, an investing activity, or a financing activity.

- (a) Cash paid for building
- (b) Cash paid to suppliers
- (c) Cash paid for dividends
- (d) Cash received from customers
- (e) Cash received from the sale of common stock
- (f) Cash received from the sale of a building
- (g) Cash borrowed from a bank

**ANSWER:** (a) Investing  
(b) Operating  
(c) Financing  
(d) Operating  
(e) Financing  
(f) Investing  
(g) Financing

190. For each of the following, determine the amount of net income or net loss for the year.

- (a) Revenues for the year totaled \$71,300 and expenses totaled \$35,500. The shareholders purchased \$15,000 of common stock during the year.
- (b) Revenues for the year totaled \$220,500 and expenses totaled \$175,000. The shareholders were paid \$40,000 dividends during the year.
- (c) Revenues for the year totaled \$149,000 and expenses totaled \$172,000. The shareholders purchased \$12,000 of common stock and were paid \$16,000 in dividends during the year.
- (d) Revenues for the year totaled \$198,150 and expenses totaled \$174,200. The shareholders were paid \$35,000 dividends during the year.

**ANSWER:** (a) \$35,800 net income ( $\$71,300 - \$35,500$ )  
(b) \$45,500 net income ( $\$220,500 - \$175,000$ )  
(c) \$(23,000) net loss ( $\$149,000 - \$172,000$ )  
(d) \$23,950 net income ( $\$198,150 - \$174,200$ )

191. The total assets and total liabilities of Paul's Pools and Palaces at the beginning and end of the current fiscal year are as follows:

### Chapter 01: Introduction to Accounting and Business

|                   | <u>Jan. 1</u> | <u>Dec. 31</u> |
|-------------------|---------------|----------------|
| Total assets      | \$280,000     | \$475,000      |
| Total liabilities | 205,000       | 130,000        |

- (a) Determine the amount of net income earned during the year. No additional common stock was issued and no dividends were paid.
- (b) Determine the amount of net income during the year. The assets and liabilities at the beginning and end of the year are unchanged from the amounts initially presented. However, the shareholders were paid \$53,000 in cash dividends during the year (no additional purchase of common stock).
- (c) Determine the amount of net income earned during the year. The assets and liabilities at the beginning and end of the year are unchanged from the amounts initially presented. However, the shareholders paid for \$35,000 of common stock in June of the current fiscal year (no dividends).
- (d) Determine the amount of net income earned during the year. The assets and liabilities at the beginning and end of the year are unchanged from the amounts initially presented. However, the shareholders paid for \$12,000 of common stock in August of the current fiscal year and were paid 12 monthly cash dividends of \$1,500 each during the year.

**ANSWER:**

|                                                                   |                  |
|-------------------------------------------------------------------|------------------|
| (a) Stockholders' equity at end of year (\$475,000 – \$130,000)   | \$345,000        |
| Stockholders' equity at beginning of year (\$280,000 – \$205,000) | <u>75,000</u>    |
| Net income                                                        | <u>\$270,000</u> |
| (b) Increase in stockholders' equity as in (a)                    | \$270,000        |
| Add dividends                                                     | <u>53,000</u>    |
| Net income                                                        | <u>\$323,000</u> |
| (c) Increase in stockholders' equity as in (a)                    | \$270,000        |
| Deduct sale of common stock                                       | <u>(35,000)</u>  |
| Net income                                                        | <u>\$235,000</u> |
| (d) Increase in stockholders' equity as in (a)                    | \$270,000        |
| Add dividends (\$1,500 × 12)                                      | <u>18,000</u>    |
| Deduct sale of common stock                                       | <u>(12,000)</u>  |
| Net income                                                        | <u>\$276,000</u> |

192. Selected transaction data of a business for September are summarized as follows:

|                                                                                       |          |
|---------------------------------------------------------------------------------------|----------|
| Service sales charged to customers on account during September                        | \$33,000 |
| Cash received from cash customers for services performed in September                 | 28,000   |
| Cash received from customers on account during September:                             |          |
| Services performed and charged to customers prior to September                        | 13,000   |
| Services performed and charged to customers during September                          | 18,000   |
| Expenses incurred prior to September and paid during September                        | 6,500    |
| Expenses incurred and paid in September                                               | 36,250   |
| Expenses incurred in September but not paid in September                              | 5,000    |
| Expenses for supplies used and insurance (not included above) applicable to September | 2,000    |

Determine the following amounts for September: (a) total revenue, (b) total expenses, (c) net income.

### Chapter 01: Introduction to Accounting and Business

**ANSWER:** (a) \$61,000 (\$33,000 + \$28,000)  
(b) \$43,250 (\$36,250 + \$5,000 + \$2,000)  
(c) \$17,750 (\$61,000 – \$43,250)

193. On March 1, the amount of common stock and retained earnings in Richard's Catering Company was \$100,000 and \$50,000, respectively. During March, stockholders were paid \$31,000 in dividends from the business. The amounts of the various assets, liabilities, revenues, and expenses are as follows:

|                       |          |
|-----------------------|----------|
| Accounts payable      | \$10,250 |
| Accounts receivable   | 45,950   |
| Cash                  | 23,840   |
| Fees earned           | 64,950   |
| Insurance expense     | 1,275    |
| Land                  | 88,400   |
| Miscellaneous expense | 1,210    |
| Rent expense          | 9,000    |
| Salary expense        | 20,300   |
| Supplies              | 900      |
| Supplies expense      | 525      |
| Utilities expense     | 2,800    |

Prepare (a) an income statement for March, (b) a statement of stockholders' equity for March, and (c) a balance sheet as of March 31.

**ANSWER:** (a)

|                            | <u>Dec. 31, Year 2</u> | <u>Dec. 31, Year 1</u> |
|----------------------------|------------------------|------------------------|
| Total liabilities          | \$128,250              | \$120,000              |
| Total stockholders' equity | 95,000                 | 80,000                 |

**Chapter 01: Introduction to Accounting and Business**

- (a) Compute the ratio of liabilities to stockholders' equity for each year. Round answers to two decimal places.  
 (b) Has the creditors' risk increased or decreased from December 31, Year 1, to December 31, Year 2?

**ANSWER:** (a)

|                                              | <u>Dec. 31, Year 2</u> | <u>Dec. 31, Year 1</u> |
|----------------------------------------------|------------------------|------------------------|
| Total liabilities                            | \$128,250              | \$120,000              |
| Total stockholders' equity                   | 95,000                 | 80,000                 |
| Ratio of liabilities to stockholders' equity | <u>1.35</u>            | <u>1.50</u>            |
| (\$128,250 ÷ \$95,000)                       | (\$120,000 ÷ \$80,000) |                        |

(b) Decreased

200. Company G has a ratio of liabilities to stockholders' equity of 0.12 and 0.28 for Year 1 and Year 2, respectively. In contrast, Company M has a ratio of liabilities to stockholders' equity of 1.13 and 1.29 for the same period.

Based on this information, which company's creditors are more at risk and why? Should the creditors of either company fear the risk of nonpayment?

**ANSWER:** Company M's creditors are more at risk than are Company G's creditors. The lower the ratio of liabilities to owner's equity, the better able the company is to withstand poor business conditions and pay its obligations to creditors. Without additional information, it appears that the creditors of either company are well protected against the risk of nonpayment, because the ratios are relatively low for both. However, the fact that both ratios are increasing over the period should be monitored for downturns in business conditions.

201. The following data were taken from Miller Company's balance sheet:

|                            | <u>Dec. 31, Year 2</u> | <u>Dec. 31, Year 1</u> |
|----------------------------|------------------------|------------------------|
| Total liabilities          | \$150,000              | \$105,000              |
| Total stockholders' equity | 75,000                 | 60,000                 |

- (a) Compute the ratio of liabilities to stockholders' equity. Round answers to two decimal places.  
 (b) Has the creditors' risk increased or decreased from December 31, Year 1, to December 31, Year 2?

**ANSWER:** (a) 12/31/Year 2: \$150,000 ÷ \$75,000 = 2.00  
 12/31/Year 1: \$105,000 ÷ \$60,000 = 1.75

(b) Increased

202. Any 12-month accounting period adopted by a company is known as its fiscal year.

- a. True  
 b. False

**ANSWER:** True

203. A fiscal year that ends when business activities have reached their lowest point is called the natural business year.

- a. True  
 b. False

**ANSWER:** True

204. All companies must use a calendar year as their fiscal year.

- a. True  
 b. False

**ANSWER:** False

**Chapter 01: Introduction to Accounting and Business**

205. The majority of businesses end their fiscal year on December 31.

- a. True
- b. False

**ANSWER:** True

206. Financial reports that allow users to identify the similarities and differences among reported items are said to demonstrate

- a. timeliness
- b. understandability
- c. comparability
- d. verifiability

**ANSWER:** c

207. Financial reports that are available to help users in decision making show

- a. timeliness
- b. understandability
- c. comparability
- d. verifiability

**ANSWER:** a

208. Relevant and faithful representation of accounting data is enhanced when financial reports are clear and concise. Such reports demonstrate

- a. timeliness
- b. understandability
- c. comparability
- d. verifiability

**ANSWER:** b

209. Financial reports are said to be verifiable when

- a. they are available in time to influence users' decisions
- b. they are formatted clearly and concisely
- c. they demonstrate the similarities and differences among reported items
- d. users can agree on the meaning of reported items

**ANSWER:** d

210. A fiscal year for a business

- a. ordinarily begins on the first day of a month and ends on the last day of the following twelfth month
- b. is determined by the federal government
- c. always begins on January 1 and ends on December 31 of the same year
- d. should end at the height of the business's annual operating cycle

**ANSWER:** a

211. The natural business year is a

- a. fiscal year that ends when business activities are at their lowest point

**Chapter 01: Introduction to Accounting and Business**

- b. calendar year that ends when business activities are at their lowest point
- c. fiscal year that ends when business activities are at their highest point
- d. calendar year that ends when business activities are at their highest point

**ANSWER: a**

212. Resources owned by a business are known as

- a. debts
- b. liabilities
- c. assets
- d. equity

**ANSWER: c**

213. The rights of owners in a corporation are referred to as

- a. proprietor's equity
- b. stockholders' equity
- c. dividends
- d. equity in assets

**ANSWER: b**

214. The assets and stockholders' equity of a company are \$159,000 and \$95,000, respectively. Liabilities should equal

- a. \$64,000
- b. \$46,000
- c. \$254,000
- d. \$95,000

**ANSWER: a**

215. The liabilities and stockholders' equity of a company are \$132,000 and \$244,000, respectively. Assets should equal

- a. \$188,000
- b. \$132,000
- c. \$376,000
- d. \$112,000

**ANSWER: c**

216. Stockholders' equity at the beginning of the year for ATLAS Inc. was \$390,000, while its liabilities totaled \$230,000. During the year, its assets increased by \$75,000; its liabilities decreased by \$50,000. What is the amount of stockholders' equity at the end of the year for ATLAS Inc.?

- a. \$107,000
- b. \$98,000
- c. \$415,000
- d. \$515,000

**ANSWER: d**

217. At the beginning of the year, Winton Company's assets were \$180,000, and its stockholders' equity was \$82,000. During the year, assets increased by \$25,000, and liabilities increased by \$9,000. What is the amount of stockholders' equity at the end of the year?

**Chapter 01: Introduction to Accounting and Business**

- a. \$107,000
- b. \$98,000
- c. \$114,000
- d. \$116,000

**ANSWER: b**

218. The assets and liabilities of Bennett Designs at December 31, the end of the current year, and its revenue and expenses for the year are as follows:

|                     |           |                       |          |
|---------------------|-----------|-----------------------|----------|
| Accounts payable    | \$ 42,000 | Miscellaneous expense | \$ 1,030 |
| Accounts receivable | 10,340    | Office expense        | 1,240    |
| Cash                | 21,420    | Supplies              | 1,670    |
| Fees earned         | 73,450    | Wages expense         | 23,550   |
| Land                | 47,000    | Dividends             | 16,570   |
| Building            | 157,630   |                       |          |

What were the total assets on December 31?

- a. \$238,060
- b. \$236,390
- c. \$309,840
- d. \$33,430

**ANSWER: a**

219. Redfox Pest Control Service had revenues of \$425,000 and expenses of \$338,000 for the current year ended June 30. At the beginning of the year, common stock was \$110,000 and retained earnings was \$70,000. During the year, Redfox issued an additional \$25,000 in stock and paid dividends of \$16,750. What is the amount of total stockholders' equity at the end of the year?

- a. \$292,000
- b. \$267,250
- c. \$205,250
- d. \$275,250

**ANSWER: d**

220. Revenues for the year totaled \$162,000 and expenses totaled \$174,000. The company issued \$15,000 of common stock and paid \$6,000 in dividends during the year. What was the net income or net loss for the year?

- a. \$12,000 net income
- b. \$(12,000) net loss
- c. \$(18,000) net loss
- d. \$(6,000) net loss

**ANSWER: b**

221. Obtaining funds by issuing stock to the public is

- a. an operating activity
- b. an investing activity
- c. a financing activity
- d. both an investing and a financing activity

Name: \_\_\_\_\_ Class: \_\_\_\_\_ Date: \_\_\_\_\_

**Chapter 01: Introduction to Accounting and Business**

*ANSWER: c*

222. Purchasing equipment for use in business operations is

- a. an operating activity
- b. an investing activity
- c. a financing activity
- d. both an investing and an operating activity

*ANSWER: b*
